## In – Car Safety

Dear Parents,

The Road Safety Team are responsible for educating young people and their families on the importance of keeping safe when travelling in a vehicle. Part of this education includes ensuring young people are travelling with correct restraints. Are you aware that 37% of children are in the wrong type of seat for their age and/or height? The Road Safety Team would like to share this car restraint leaflet with you to ensure you know how to always keep your child(ren) safe – in the correct restraint. There are also hints and tips about choosing the right seat, transporting other people's children and how to fit different types of car seat.

To read this informative leaflet, please visit – [In car safety parent guide.](#)

Thank you.
